

Garry Henning

Garry Henning shows every senior that no matter who you are, where you live and what your background is—it's never too late to make a difference in the lives of others. Garry didn't join an established organization to make his mark. He created a rich legacy out of the ashes of tragedy.

Garry is the Founder and Executive Director of the Quadrevion Henning Foundation, which was named after his 12-year old grandson, who he tragically lost to a drowning. Garry transformed himself into a forceful advocate, helping families of missing children and serving the needs of youth in the community by advocating and educating safety awareness, civic engagement and moral development

Mr. Henning is truly a gem to our city and nation. He had received numerous awards from local, state and national organizations including the Milwaukee Police Citizen Leadership Award, Wisconsin Attorney General—Wisconsin Clearing House for Missing and Exploited Children and Adults Community Award and the FBI Director's Community Leadership Award. Garry is also a Veteran of the United States Army 101st Airborne Division.

Garry is a true role model. Wisconsin is fortunate to have such an outstanding leader and advocate—always compassionate and ever willing to undertake this unique work, so demanding and emotionally fraught. He is admired and highly respected for his work and this recognition of his efforts is well deserved.
